RAINBOW COVER MONTESSORI
PHONETICS & READING PROGRAMME (4, 5 & 6 JUNE 08)

SIGN UP TODAY for this phonic based programme that provides the foundation for early literacy skills, a valuable experience for both parent and child.

The Montessori classroom emphasizes spoken language as the foundation for all linguistic expression. In the Montessori environment, the child hears and uses precise vocabulary for all activities. As the children are learning to read in English, they need to know the phonetic sound of each letter and then be able to blend these sounds into simple words. Words go together in phrases and sentences and the child masters the skills necessary for reading.
